The Politics of Algeria

Domestic Issues and International Relations

Edited by **Yahia H. Zoubir**

This book brings together Algerian-based scholars and Algerians in the diaspora to address the many, salient issues facing Algeria, the largest country in Africa and the Middle East. Until February 22, 2019, Algeria looked like the beacon of stability in the region, for the authoritarian regime eluded the so-called Arab Spring, which resulted in chaos in a number of countries in the Middle East and North Africa. Exploring Algeria's transformation, this collection is an original addition to the books on the Maghreb that will be a key resource to students and scholars interested in the developing world, the Middle East and North Africa.
